

What is Handpass?

HANDPASS is a non-thickened antibacterial liquid hand soap that provides a rich foam lather. It is designed to be dispensed from special foaming hand soap dispensers that deliver the soap in the form of a foam rather than a liquid or lotion. This is a more economical way to dispense the hand soap.

Key Benefits

- ✓ HANDPASS is more economical than bar and other liquid soaps because there is no waste, no pilferage and less chance of over-use with HANDPASS in the washroom soap dispensers.
- ✓ HANDPASS is gentle enough to be used throughout the day.
- ✓ HANDPASS leaves the hands soft and supple.
- ✓ HANDPASS is an attractive, premium-quality liquid hand cleanser that enhances the amenity of the washrooms in prestige buildings.
- ✓ HANDPASS kills germs.

How Does It Work?

HANDPASS instantly produces a rich lather that floats away dirt and grime from the hands and leaves the skin soft and supple. HANDPASS contains aloe vera, glycerine and other moisturisers to enrich and care for the skin.

For use on...

HANDPASS is a gentle hand cleanser for use in offices, washrooms and factories where moderate to light soilage must be washed from the hands. HANDPASS has no fragrance and is suitable for use by food-handlers.

Technical Data

Composition

HANDPASS is a gentle soap containing a blend of mild coconut oil derivatives conditioned with glycerine, aloe vera and other moisturising ingredients.

Active ingredient: PCMX 0.3% (3000ppm)

Properties

APPEARANCE - Mobile liquid
COLOUR – Blue - Green
ODOUR – Characteristic Odour
pH = 5.5 – 7.0
FOAM – Rich, stable foam

Environmental Care

HANDPASS conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. HANDPASS is non-flammable, has no added phosphates and contains biodegradable surfactants. HANDPASS containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

- HANDPASS is only for use in special 'foaming' hand soap dispensers. Add the product to the reservoir in this type of dispenser.
- Wet hands and apply a small amount of the foam of HANDPASS to the hands (one or two squirts).
- Rub hands to spread the foam.
- Rinse hands and dry. HANDPASS will quickly float away dirt and grime.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
